

## HIGHLIGHTS

The LRF is committed to training Christians for cross cultural ministry. Class work focuses on establishing a firm foundation in doctrine while providing tools to help work outside of your comfort area. Every weekend our students leave the campus to apply

what they have learned about ministry in class. During these outreaches the students work together in teams while conducting classes in faith gardening, literacy, pre-school and community health needs. Our students also teach young children about core values through Bible stories using the chronological teaching method. Our students learn how to acquire a

different language and become acquainted with the cultural differences..

During outreaches, the LRF students are doing the ministry of a full time vocational Missionary. They gain experience building relationships and making opportunities to teach and help people in their communities.

This on the job training is invaluable for future ministries and gives them a firsthand view of what it takes to be a Worker in a cross-cultural setting. If our students can do it here they can do it anywhere.

## MINISTERING TO THE WHOLE MAN:
